THREE GENERATIONS OF EWALDS AT FAIR ACRES

Lyle C.—Charles

Lynn—Guy—Jay

WELCOME TO THE FAIR ACRES “PEAK OF PROGRESS” SALE—

It has been four years since our last sale at Fair Acres Stock Farm. Therefore, we are looking forward with great pleasure to seeing our many friends and Shorthorn enthusiasts on September 22.

At the time of our 1966 sale we retained approximately twenty-five females. This nucleus proved to be very prolific and the herd again numbers well over one hundred head. With a large farm operation this is more than we can adequately handle. Therefore, this “Peak of Progress” sale because we sincerely feel we have made progress. We have tried to select the best herd bulls and now have established a Polled branch in our herd. We are exceptionally proud of our new Polled Herd sire, Remitall Clipper King x and of his first calves. We honestly feel that we have kept in step with the trend to produce approved modern beef type Shorthorns but are anxious to have everyone see for themselves.

We look forward to welcoming you to Fair Acres and our sale on Tuesday, September 22.

THE EWALDS

General Information

TIME—Tuesday, September 22. Sale will start at 12:00 noon Daylight Saving Time.

LOCATION—At Lyle C. Ewald & family's Fair Acres Stock Farm, 1 mile west of the north edge of Waldorf, Minnesota.

TERMS—The terms of this sale are cash unless other arrangements are made in advance with the consignor and the sale manager is notified of the arrangements. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at the buyer's risk as soon as bid off.

GUARANTEE—All cattle will be sold under the Standard Guarantee recommended by the American Shorthorn Association.

LIABILITY—Each transaction in this sale will constitute a contract between the buyer and seller of each lot. The auctioneer, clerk, and sale manager have been employed by the consignors for specific tasks not connected with the handling of the cattle or the condition of the premises, and they accept no liability, legal or otherwise, for the buying contract or for any accident. Every effort will be provided for the comfort and safety of those attending this sale, but sellers cannot accept liability for injuries that may occur. Accidents at cattle sales are rare, but all attending must do so at their own risk. Statements from the block will take precedence over information in the catalog.

HEALTH—All cattle are absolutely healthy in every respect and will have passed a tuberculosis and Bang's disease test within 30 days of sale. All females have been calfhood vaccinated for Bang's. Interstate Health certificates will be furnished.

CERTIFICATE OF REGISTRY—A certificate of registry will be furnished with each registered lot and the certificate will be transferred to the buyer without cost to him. Application for registry, properly signed, will be furnished for each unborn calf sold in dam.

INSURANCE—Insurance will be available at the sale.

VETERINARIAN—Dr. J. P. Hinton, Waldorf, Minn.

AUCTIONEER—Dick Kane, Wisner, Nebr.

SALE MANAGER—Albert J. Hamman, Rock Rapids, Iowa.

PERSONNEL—Bill Stunkel, American Shorthorn Assn., Fremont, Nebr., Gene McDonald, The Shorthorn World, Aurora, Ill., Wade Hauser, Wallaces Farmer, Des Moines, Iowa.

LUNCH will be available on the grounds.

LATE MAIL BIDS—Call the sale manager or any of the fieldmen at the Lyle Ewald farm, 507 239-2291.

TRANSPORTATION—The consignors will be happy to arrange transportation for travelers from a distance who will be arriving at airports. However, please make advance arrangements.

HOTEL AND MOTEL RESERVATIONS—There are a number of good motels in the surrounding area. We recommend the Inn Town Motel, Mankato, and the Sky Line Motel, Albert Lea. We will be happy to make reservations for you.

FROM THE SALE MANAGER:

The Fair Acres "Peak of Progress" Sale will be just that. So attend this sale on September 22 and be convinced.

Fair Acres Stock Farm represents three generations of dedicated and progressive farming and livestock people.

Charles Ewald who established the herd nearly forty-five years ago was named a Builder of the Breed and served twenty years on the important Minnesota Sanitary Livestock Board. He still maintains real interest and takes great pride in seeing his son and grandsons carry on.

Lyle and Beulah Ewald who now actively operate Fair Acres have set progress as their goal and taken part in many activities. Lyle has served as president, secretary and director of the Minnesota Shorthorn Association for many years. At present, he is serving as president of the powerful Minnesota Livestock Breeders Association. Beulah takes an active part in the Fair Acres operation and has been an officer and active worker in the Minnesota Shorthorn Lassie organization.

Now Lyle and Beulah's three sons, Lynn, Guy and Jay are an active and enthusiastic part of the Fair Acres organization. They are active in junior livestock activities and now own a number of Shorthorns under the name of Ewald Brothers.

The Fair Acres 840 acre farm operation and equipment is one of the most modern and up-to-date you will find.

The Shorthorn herd is one of the finest groups of imported and imported background breeding females to be found. Only the very best bulls of like breeding have been used. The Fair Acres herd through the years has been prominent in major and state shows and sales.

Now with the addition of a Polled division of the breed the herd is in its most favorable position ever. Acquisition of the sensational young Polled bull Remitall Clipper King x was most fortunate together with several extreme top Polled females. As in their Shorthorn selections this Polled foundation is of superior, modern conformation and faultless breeding.

Fair Acres has dug deep into the breeding herd to come up with this offering. There are bulls that will be improvers. The large female offering contains uniform groups of every one of their best families. This is a rare opportunity to buy foundation females from these richly bred, production proven families. To make this offering very much above the average is the fact that over forty or these females will carry the service and a few will have calves by the great young Polled Remitall Clipper King x. This great combination will become more valuable as time goes on.

We sincerely urge every enthusiastic and progressive Shorthorn and Polled Shorthorn breeder to make plans to attend the sale on September 22nd at beautiful Fair Acres Farm. The Ewalds will appreciate greeting everyone.

ALBERT J. HAMANN
Sale Manager

REMITALL CLIPPER KING X—Without a doubt, one of the great young Polled Shorthorn bulls of the breed which he has every reason to be. His sire, Clipper King of U S A x was a Denver first prize winner, an All-American and classified AAA. He weighed 2170 pounds on his third birthday. Since then he has proven to be a great sire. Six of his sons averaged \$2000 with a top of \$3400 and another all \$3000 in the 1970 Iowa bull test sale. His dam Butte Lee Seniorita X is but one of the incomparable T P S Coronet Leader 21st x who weighed well over \$3000 in the 1970 Iowa bull test sale. She was one of the first Polled females selected for the Polled division of the great Remitall herd and Remitall Clipper King was the first Polled bull sold by them. Further, he is the first Polled bull to come to Fair Acres Farm in its over forty year history and could be one of its all time great herd sires. He has the size, scale, length, quality and sound bone structure of an absolutely modern beef bull. He has bred over forty cows while under two years old. At least four of his calves which will speak for themselves will be in the sale and forty females that sell will carry his valuable service. Photo is an amateur, unretouched one taken in pasture while running with forty cows at twenty-three months of age. To see him and his calves will be to like him.

FAIR ACRES RADIANCE—A big, rugged, strong, two-year old bull with real muscling and plenty of bone that was intended for herd service at Fair Acres. However, since he is quite closely related to many of the females being retained his use would be limited so he is offered as a sale attraction. His sire has sired so many of the champions and sale tops for Louada and is probably the greatest son of the famous Bapton Constructor. His imported dam by the noted Glamis Benefactor was purchased in the 1967 Louada sale for \$1500 and is one of the top brood matrons at Fair Acres. This bull could settle the herd bull problem of many a top herd.

FAIR ACRES BASIC X—A very smooth bull with an ideal Polled head. He is a heifer's first calf at twenty-four months so did not have the best chance as a calf but is bred to have good potential. His sire was undefeated in class in 1967 and was reserve grand champion at the Indiana and Kentucky state fairs. His dam is of all imported breeding and a rapid producer that sells. The imported granddam was the top selling female in the 1968 Bilmar sale. Here is an opportunity to buy a royally bred Polled bull that will develop.

Lot 3**Bull****FAIR ACRES GODWIN 3415-066**

FAIR ACRES BROADHOOKS 55th—A real outstanding young cow that has size, scale and quality. Sired by Louada Legacy, her dam is a granddaughter of two of the biggest bulls ever imported from Scotland, namely, Kair Masterkey, who sired more Perth champions than any other bull and the massive Baldowrie Watchman. She was bred in February and is well along in calf to the sensational Remitall Clipper King x. This female can go to the best of herds.

Standard Guarantee

Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or sale in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
